FAT FRIDAY AT MIKEY'S

Every Friday is a fattening Friday for ChromaBit because we always go for lunch at some nice places. Pretty much because everyone is already sick with Jay's favorite chicken rice and Hannah's nasi campur in the food court. So

recently, our favorite spot to hang out for lunch is in Bangsar. The previous one was in Antipodean, and this time we went to try Mikey's Original New York Pizza, which is just opposite Antipodean.

The interior design of Mikey's Original New York Pizza is totally different from the pizza shops you can see in Malaysia. As the name itself sounds, the shop is designed in New York's style... With the black and white floor tiles, brick walls and also some buildings' pictures from New York.

What surprised us was the super duper large size of pizza!

Thumbs up for Mikey! 😊
