

Mikey's Original New York Pizza

CheeseBoy / April 16, 2014

Sigh. Another day of getting stuck in a 2-hour evening traffic jam in KL. Both of us neither have the mood nor the energy to cook dinner. What to eat? What to eat? As usual, we drove around in a daze in Bangsar hoping to get inspired on our culinary choices. And guess what? There's a new restaurant! Yay!

We made a pit stop at this new place called **MIKEY'S ORIGINAL NEW YORK PIZZA** at Telawi 2. The place serves authentic American New York pizzas and various other mouth-watering American dishes like buffalo wings, philly cheesesteaks, heroes, fries, and other stuff.

Our verdict? **IT'S AWESOME!!!**

Eons ago I went to study in the US, and one of the things I've missed from there are their pizzas. Mikey's has the closest taste to the food I had when I was there... It's like daddy's home! :)

Here are some pictures:

Below: And here's what we ordered..

(Above) My Pizza Bianco

(Above) Wifey ordered the 9-1-1 Pizza (Spiciest in Asia!)

It's really hot & spicy, and she's not even sweating. Show off!

Boneless Buffalo Wings with Home Made Blue Cheese Dressing. Yummeh!

No, we're not in Broadway. That's the way they tracked your order. With NYC signs. Clever, huh?

CheeseBoy Charlie with Mike, the owner of the place. Ladies may have another reason to come here, other than the delicious food. If you know what I mean.

Sigh. The damage. But not complaining.

Be prepared for bearably-long queues. It's a new place and has the usual teething problems that comes with a new restaurant opening. But hey, it's worth it! Seriously, the pizzas are THAT good! (We were lucky to come a bit early, and there were seats. The people behind us had to wait for quite awhile. And no, we're not going to give up our seats. We're ordering seconds.)

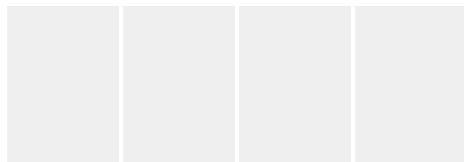

The address:
Mikey's Original New York Pizza
17, Jalan Telawi 2, Bangsar Baru
(right across Yeast and Celcom Blue Cube)

P.S: Hey Mike! If you're reading this, why don't you add deep dish pizzas to your menu? I'll die a fat, happy man.
